## QUICK SAFETY REVIEW

### VEHICLE PREPARATIONS & SAFE DRIVING

1. Get some rest. Drowsy driving contributes to crashes.
2. Perform a safety check of your vehicle, including tires & lights.
3. Check your P.P.E., drinking water & emergency supplies.
4. Take the safest route to your destination.
5. Don't speed. Drive at or below the speed limit.
6. Wear your seat belt always.
7. Avoid texting & distracted driving.
8. Maintain safe following space & don't tailgate.
9. Scan ahead for traffic or roadway changes.
10. Scan mirrors & blind spots often.
11. Do not speed in school or work zones.
12. Use cones & amber warning lights when parked.
